1-OCT 1958
PUBLIC WORKS DEPARTMENT

Letter No.39917-B2/55-1 dated 26.9.55

Sir,

Sub: Tools and Plant - Highways Department - Purchase of an outboard Motor for Kariangote bridge work.

3.55 cf (S) cf (S)

1 Government of India in their letter No. IV.3(8)53 dated 11.2.54 communicated in G.O.Ms.798 P.W. dated 13.3.54 have approved the work of 'Constructing a bridge at M 52/8 of Kariangote bridge' in South Kanara at an estimated cost of Rs.5,76,000 and the work is in progress.

2 At the proposed bridge site the river width is about 800' and the depth of water varies from 10' to 20' throughout the year. Considerable difficulty and delay are experienced by the officers of the department for want of a suitable boat at the site; for inspection purposes within the river. Further both the metal and sand quarries are on the upstream and down stream side respectively of the bridge site along the river which are to be inspected frequently during the course of execution. Hence it is considered necessary to purchase one boat with an outboard motor for supervision of the work in the river bed and for inspection of quarries, which are situated on the banks of the river a few miles away from the site. This boat can be used on similar bridge works of this department after the completion of this work.

3 In view of the above, I request that sanction of Government may please be accorded for the purchase of a small boat with an out board motor at an estimated cost of Rs.5,500/-. The cost may be debited to '50 Civil Works - 6. Tools and Plant - 1. New Supplies'.

I request early orders.

for Chief Engineer (Highways).
